Labor Day	Monday, September 3, 2012	Wednesday, 9/5/12 & Friday, 9/7/12

<u>PLEASE NOTE</u>: Yard waste will be collected each Wednesday (except holiday weeks) until <u>December 14, 2011</u>. Weekly yard waste pick-up will resume <u>March 7, 2012</u>. If you <u>must</u> dispose of grass clippings, do not place unbagged clippings in the bottom of the cart. To avoid sticking, either put clippings in a bag (paper bags are preferred) in the bottom or place bulkier yard waste, such as leaves or branches, at the bottom of the cart. Yard waste will **NOT** be collected from roll carts from <u>December 21, 2011 until February 29, 2012</u>.

THE BEST SOLUTION IS TO RECYCLE YARD WASTE AT HOME!

- Reduce, Reuse, Recycle:
- ✓ Help your budget and the environment by turning yard waste into a resource.
- ✓ Help fertilize your lawn by leaving grass clippings on the lawn after mowing.
- ✓ Recycle grass, leaves and other organic material into compost or mulch, which improves the health of lawn and garden soil and plants.
